

B-823 Series Foam Soap Dispensers Non-Proprietary, Top-Fill, Counter-mounted

Foaming hand soap provides 25%-50% more pre-mixed lather than liquid soap for more handwashes between refills. Top-fill convenience saves 25% labour with no more bending under the counter to change cartridges.

The non-proprietary, open system dramatically reduces cost-in-use versus proprietary cartridges.

Bulk soap offers up to 57% reduction in post-consumer waste compared to individually packaged cartridges.

Chrome finish for fixture and accessory Integration. The accessibility-compliant B-823 is a perfect countertop retro-fit model for existing 25-35 mm diameter mounting holes.

For more information, contact: international@bobrick.com or visit www.bobrick.co.uk.

Top-fill is convenient and ergonomic.

Bulk-fill is economical and ecological.

Bright polished finish creates continuity.

BUILDING VALUE SINCE 1906

BUILDING VALUE SINCE 1906
